EZ-FLO INJECTION

DYNAMIC SUSPENSION TECHNOLOGY

The Smart **Choice**

- **Easy to Use**
  Simplicity is our strength
  Works in drip, spray, or subsurface
- **Lower Costs**
  Use less fertilizer
  Spend less time
- **Eco-Friendly**
  Eliminates fertilizer runoff
  Apply natural & organic products
  Precision growth control
- **Durable**
  Over 300,000 systems in use
  20 years of proven reliability

SIMPLE SIZING			
Model	Capacity Gallons	Capacity Pounds	Coverage Square Feet
EZ001-CX	1.5	10	10,000
EZ003-CX	2.5	15	15,000

MAXX PRODUCTS

FERTI-MAXX FERTILITY

Highly concentrated blends of water-soluble fertilizer and organic inputs that are ideal for a wide variety of landscape and garden applications. Reduce total fertilizer bulk and improve results in a simple, easy-to-use package. Available in water soluble powder and liquid forms. Organic and synthetic options are available as well.

FERTI-MAXX SUPPLEMENTS

Synthetic and organic products are designed to boost plant health and treat specific nutrient or soil deficiencies. Color enhancement with minimal growth makes these products ideal as additives or stand-alone applications to the entire landscape. Combine with any Ferti-Maxx fertilizer for a one-step application.

WATER-MAXX WATER TREATMENT

Plant performance starts with the water, plants do not eat nutrients; they drink their food. Water-Maxx products are designed to treat common water and related soil issues ensuring fertility and irrigation performance will be at its best. Increase soil moisture, add calcium, acidify, all through the EZ-FLO system.

MAXX-PEST CONTROL

Maxx-Pest products are safe alternatives to traditional methods of pest and insect control. Formulated exclusively with EPA “Known Safe.” ingredients under the FIFRA guidelines, you can feel confident you are protecting your landscape from damage while respecting the environment. Most importantly, humans and pets are safe from toxic exposure.
