EZ-FLO protects your family and the environment without sacrificing results

At Planting

EZ-FLO delivers superior results while virtually eliminating exposure to toxic chemicals, creating a healthier environment for your family

After One Year

Actual results with EZ-FLO

EZ-FLO Treats:

- ✱ **Turf**
- ✱ **Trees**
- ✱ **Shrubs**
- ✱ **Flowers**
- ✱ **Vegetable Gardens**

In small amounts, automatically, every time you water.

The Smart Choice

Easy to Use - Saves Time

- Connects directly to an in ground irrigation system or garden hose and feeds slowly every time you water
- One system can feed the entire landscape and garden through all types of irrigation - simply refill with virtually any liquid or water soluble product
- Combine multiple products for one step application of Fertilizer, Insect Control, & Pest Repellent
- Will not stain hard surfaces or damage irrigation components proven by over 250,000 systems in use
- Systems for every landscape

Saves Money

- Replaces hose end sprayers, tank sprayers and fertilizer spreaders
- Use up to 90% less fertilizer due to superior nutrient uptake
- Use 20% to 30% less water
- Reduce or eliminate insect and weed control requirements by up to 40% or more

Eco-Friendly

- Eliminates fertilizer runoff
- Saves water

Actual results with EZ-FLO

MAXX PRODUCTS

FERTI-MAXX FERTILITY

Highly concentrated blends of water soluble fertilizer and organic bio-stimulants that are ideal for the entire landscape and garden. The organic bio-stimulants build healthy soil structure and enhance nutrient absorption. Available in organic liquid or dry powders.

FERTI-MAXX SUPPLEMENTS

Organic and micronutrient products to help aid in specific needs of the landscape from color enhancement to driving root growth.

WATER-MAXX Water Treatment

Products designed to treat common water and related soil issues that can cause issues with fertility or irrigation system performance. Reduce water use while increasing nutrient uptake.

CRITTER-MAXX ORGANIC REPELLENT

Repels, but does not harm, deer, gophers, moles, voles, and others too numerous to mention. Formulated from food grade products so it is safe for children and pets. Odorless and will not stain.

Most of the MAXX Products may be combined for a one-step landscape treatment. Check product labels for compatibility.
