

## Minigran Eco-Sol 1

### 2-1-2

Homogeneous, granular, compound fertilizer in Minigran form

#### GUARANTEED ANALYSIS

Total Nitrogen (N).....2.0%  
    2.0% Water Insoluble Nitrogen\*  
Available Phosphate (P<sub>2</sub>O<sub>5</sub>).....1.0%  
Soluble Potash (K<sub>2</sub>O).....2.0%

Derived from: Cocoa Shell Meal and Soybean Meal

\*Contains 2.0% slow release nitrogen from Cocoa Shell Meal and Soybean Meal

#### For Professional or Commercial Use Only

##### Directions for use – Apply only as directed:

Minigran Eco-Sol 1 is a fertilizer made of vegetable raw materials, and is therefore rich in organic matter. Due to this high organic matter content, Minigran Eco-Sol 1 will enrich the soil with humus, improving both physical and biological soil fertility (increased water-holding capacity, better drainage, airy structure and development of a rich and diverse microbial soil life). Minigran Eco-Sol 1 creates an optimal environment for the roots in the top layer of turfgrass, in substrates/potting soils and in soils with a poor soil structure and little soil fertility (e.g. soils damaged by heavy machinery, soils subject to intensive treading, soils susceptible to slaking, compacted soils).

##### TURF

Application rate for turfgrass (per application) 440-2230 lbs/acre.

The exact rate of Minigran Eco-Sol 1 depends on the needs of the turfgrass, the time of application, and the condition of the soil. Begin application in spring and repeat as needed.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn..

##### HORTICULTURE and AGRICULTURE

Application rate

- Field cultivation (per application) 440-2230 lbs/acre
- Potting soil (per application) 2-3 lbs/yd<sup>3</sup>

The exact rate of Minigran Eco-Sol 1 depends on the need of the plant, the time of application, and the condition of the soil.

Observe all local and state laws regulating fertilizer usage.

Keep out of reach of children and pets. Do not eat or drink the product. Do not use as animal feed. Store in cool, dry conditions. Ideal storage conditions are 32°-86° F and below 70% relative humidity. Close package tightly after each use.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>.
